

SOLTHIS - Satellite Session

Quality improvement in HIV care : can lessons learnt in Southern and East Africa help address the challenges of West Africa?

Tuesday 10 December 18:30-20:00, MR4, TUSS81

17TH

The Solthis' Satellite Session presents a unique platform for organisations involved in Quality Improvement in HIV and Health care to share knowledge based on latest evidence and field experience. Current challenges and way forward will be debated with peer experts.

- *W. El Sadr, Director, ICAP*
